臺北市市場處提醒您

Dear Customers

To protect your consumer rights, please
follow the steps below to purchase
freshly-cut fruits.

Step 1: Decide whether you are buying freshly-cut fruits
or buying non- prepared fruits.

Step 2: Check the weighing unit and the price per unit
weight of the fruits. (For example: the price of
fruits per 100 grams)

Step 3: Ask the vendor to weigh the fruits and check out
the readings of its weight and unit price on the
electronic scales.

If you are not happy with the amount of payment, do
reject the transaction **BEFORE** the vendors start
peeling or cutting the fruits.

Step 4: If you find the fruit vendors do not label their
products with clear price tags or do not use
electronic scales, please call:

Taipei City Police Department 110 or
